

Hello Fairview South Families,

As another academic year comes to an end, the PTA would like to thank you all for a successful year filled with fun and exciting events.

The PTA can only be successful with the help of parents/guardians, other family members, staff, and administration through their support and participation.

Together, along with the hard work put forth by our amazing co-chairs, we feel we were able to provide different opportunities for our students and their families. Whether or not the events were in their traditional format, or modified because of Covid protocols, we hope everyone who attended the events enjoyed them.

We look forward to seeing you all next school year with more exciting PTA events!

Have a safe and fun summer with family and friends!

Thank you,
Kejal Shah and Steve Larenas
